especially designed for teaching EEG analysis

All-round hassle free package, incl.

- ✓ Free Analyzer 2 network license
- ✓ Full access to all software features
- ✓ Support from our experts
- ✓ Renewal option for future educational events

About the Analyzer 2 Educational License

- ✓ One of our goals has always been to help the neuroscience community through educational activities.
- ✓ BrainVision Analyzer 2 is a great tool to teach your students.
- ✓ The Analyzer 2 Educational License is intended to be granted to any of our Analyzer 2 users who organize an educational event with Analyzer 2.

What we expect / How to apply

- ✓ Make sure you comply with the „Conditions & Limitations“ (see www.brainproducts.com/teach_analyzer_conditions).
- ✓ We expect that your educational event has a reasonable proficiency level and is supported by appropriate scientific expertise.
- ✓ Apply at www.brainproducts.com/teach_analyzer_apply.

What you get

- ✓ If your application is approved by Brain Products and an Analyzer 2 Educational License is granted, you will receive the materials you chose when applying.
- ✓ Always included are: a free Analyzer 2 network license, full access to all software features and support service from our experts.

Renewal option for future educational events

- ✓ The Analyzer 2 network dongle stays with you even after the event. When organizing further events simply complete the application form again and select a renewal package to have your Educational License reactivated.
